Were Members of a Notorious Society Pledged to Inflict Punishment on White People—Minutes of the Organization Show the Work of the Negroes.

NEW ORLEANS, La., June 20.—The lynching of the two negroes last night near Shreveport created a sensation today, as with the excitement dying out it was thought their lives would be spared, at least until the capture of Prince Edwards, who killed J. G. Foster on the Foster plantation.

A special from Shreveport, however, says that evidence was discovered so clearly establishing the guilt of Smith and McLand as enemies of the whites and dangerous elements to be left alive among the negroes that the people of Bossier regarded their execution as essential to the preservation of order in the parish.

Evidence Secured.
The evidence obtained by the police showed the following facts:
The organization of which "Prophet" Smith was the head had its organization in Houston and was known as the "Church of the Living God."

The members of the supreme council, as indicated by regular printed letterheads, which were found, were Smith and McLand, who were lynched, and Prince Edwards, the murderer of John Gray Foster.

The Sacred Box.
Smith, when he came to Louisiana, established himself at Shreveport but was ordered away by the Chief of Police as a dangerous character.

After the shooting of Foster, a search of this premises was instituted and the Ark of the Covenant, a rudely constructed box with hoodoo designs on it and within it was found.

FOR AN INJUNCTION.**

WASHINGTON, June 20.—Justice Bradley, in the Equity Court, today denied the application of Lone Wolf and other Indians for an injunction against the Secretary of the Interior to restrain him from opening the Kiowa, Comanche and Apache lands in Oklahoma to settlement. Without going into the facts of the case, the Court held that the question was purely a political one, with which the Court had no power to deal.

**GERMAN STEAMER WILL
BE A TOTAL WRECK.**

ADEN, June 20.—The German steamer Asturia, from Yokohama, April 19th, via Hong Kong, May 12th, for New York, is ashore off Ras-Jerdafon, at the entrance of the Gulf of Aden. She will probably be a total wreck. The crew of the Asturia has been landed here.

The Asturia has on board 750 tons of tin loaded at Penang, Straits Settlement, and destined for New York.

NO REQUEST TO RESIGN.

SAN FRANCISCO, June 20.—In the Call this morning, there was an article to the effect that the resignation of Jerome A. Fillmore, manager of the Pacific system of the Southern Pacific Railroad Company had been requested and that J. M. Herbert, general superintendent of the St. Louis, Iron Mountain and Southern Railway had been appointed to take the position to be vacated by Mr. Fillmore.

Mr. Fillmore was spoken to on the subject this morning by a TRIBUNE reporter and said:

"I have read the article to which you refer. It is the first that I knew about it. I have not been asked for my resignation. I cannot discuss the subject because I know nothing about it. I do not know that there is what you call a 'leak' in such matters. I do not know that Mr. Herbert has arrived here. There is nobody here now but Mr. Ingram. Mr. Hays will not be back before tomorrow or next day."

EARL NOT A CANDIDATE.

"I will not be a candidate for Congress," declared Guy C. Earl emphatically when questioned today about a rumor to the effect that he would try to secure the Congressional prize two years hence.

"I have never thought of becoming a candidate," said Mr. Earl, "and never expect to have such a thought. I don't understand where such rumors originate. First it was said that I would be a candidate for United States Senator, and now comes the rumor that I am to be a candidate for Congress. The first time I heard the latter rumor was yesterday and I was dumfounded by it."

"You may say positively that I have no intention of becoming a candidate for any office."

It is not believed that anybody can be found to contest for the nomination against Mr. Metcalf.

ors the negroes were greatly terrified and declared that but one had advanced far enough to lay hands on the sacred box.

Supreme Council Meets.

The members of the church known as Princes had regular meetings, at which Smith presided with the designation of "King." The following is an exact copy from the minutes of the meeting held on the Foster plantation, showing how business was carried on and the enmity that existed between Smith and his followers and the Chief of Police of Shreveport and Foster, the murdered man.

"The Royal Archive of the Kingdom of God met in supreme council. Sang 'Dark Was the Night.' Opened by reading the 32d chapter of Isaiah. After F. K. Smith, the King, announced the meeting, he stated that he was advised of God to call the Princes together in council to decide what should be done with the Chief of Police and his force for interfering with the King of the Church of God in Shreveport."

Six Months for Police Chief.

"Prince Webb being the first to arise, said he was in favor of demanding six months' affliction upon the Chief. Prince Smith said he was in favor of the same. Also Prince McLand, also Prince Johnson. Also Prince Edwards. All concurred, demanding six months' affliction upon Chief Lake of Shreveport."

"The next case was the Rockers of the Building. The case was decided, all who rock the building must be punished with death within four days."

Made a Confession.

"A complaint was taken up against J. G. Foster that he should be tormented until he give consent that all Salts leave the place."

Before he was lynched last night Smith confessed that he had loaded the gun with which Foster was killed. Many letters of incendiary character written by Smith and his followers have been found. The discovery of the conspiracy led to last night's lynching. Sheriff Thompson of Bossier made no attempt to interfere in view of the superior numbers of the mob.

**CHINESE TROOPS ARE
GIVEN A PRIVILEGE.**

TIEN TSIN, June 20.—Chinese troops, with the permission of the allied forces, are occupying several small places in the neighborhood of Yang Tsun, recently vacated by the foreign troops.

General Lovins-Campbell says the delinquents in the recent difficulties between soldiers of the allies will be severely punished. Similar troubles are not likely to occur again.

General Voyron, the French commander, has heartily co-operated with the British commander and is determined, so far as the French are concerned, that order shall be maintained.

BOONEVILLE, Mo., June 20.—It was learned today that Toby Fisher, colored, was the only person killed in last night's storm. Ten or twelve others were injured slightly by flying debris. The property loss will amount to several thousand dollars.

**PRIVATE SECRETARY INGRAM, SPEAKING
FOR PRESIDENT HAYS REGARDING THE
PUBLICATION OF THE REQUEST FOR THE
RESIGNATION OF MR. FILLMORE, SAID:**

"Mr. Hays promised all the newspapers here when he came out that when any changes were to be made he would make the announcement through a circular."

"No such circular in this case has been issued. Therefore, there is no issue discussing it."

"If Mr. Hays were here, I know he would discuss it no further."

"The San Francisco press is very sensational. It jumps at conclusions. No such circular has been issued and, therefore, Mr. Fillmore's resignation has not been asked for."

J. A. Fillmore is one of the most popular railroad men on the Pacific Coast. He worked himself up from a brakeman and is therefore a thorough railroad man. He has a host of friends on the Pacific Coast. It is declared in railroad circles that Mr. Fillmore has made a great success of his department."

Less than two minutes before the men were called out for some tidying purpose, and they had hardly got out when the great steel mass weighing eleven tons without warning slipped and fell into the pit with terrific force. In its descent it just grazed the leg of one man, but inflicted no injury. Nobody dreamed that there was any danger till the accident occurred. William Dock, the superintendent of construction, was standing by a few feet away, and he turned white and grew sick at the moment that all of the men were out of the pit.

Fortunately the structural damage was

slight, and easily repaired. This morning the workmen had the massive vestibule righted and set in its proper place.

When the accident occurred the men were lowering one of the vestibules into the pit at the bottom of the vault on large inclined slides. It is a massive steel frame weighing eleven tons without the doors. It was held and guided by two tackles worked by block attachments. The men in the pit were to work the vestibule into proper position, but were called out temporarily while the descent was stopped. It was just then that one of the big hooks of the tackle broke and the vestibule crashed to the bottom with startling suddenness.

Mr. Dock, who is superintending the erection for the company which manufactures these safe deposit vaults, said the lives of six men were saved by the mere chance. The vestibule, he said, are the largest ever sent out by his company, being constructed according to special design for the Central Bank.

**LITTLE BUSINESS AT
RICHMOND CONVENTION.**

RICHMOND, Va., June 20.—The constitutional convention transacted no business of public interest this morning, the time being devoted to completing organization.

SIX LIVES WERE SAVED.

WASHINGTON, June 20.—The Government's interest in the Sioux City & Pacific Railroad Company was sold today at auction at the Treasury Department for \$1,872,000 cash and a credit of \$725,000 for the transportation of mail and troops. The sale was made to the Chicago and Northwestern Railway, which has been operating the Sioux City and Pacific for some time.

**UNDER THE HAMMER THE LINE
BROUGHT \$2,112,000 TO THE
GOVERNMENT.**

WASHINGTON, June 20.—Acting under the authority of the act approved June 6, 1900, and a notice issued jointly by the Secretary of the Treasury, the acting Attorney General and the Secretary of the Interior, the Government's interest in the Sioux City & Pacific Railroad Company was sold at auction today to the Chicago & Northwestern Railway Company for \$2,112,000, this being the upset price fixed by the Government and including a credit of \$725,000 due the Company for mail transportation, etc. The larger amount was paid in cash.

Some time ago the Commission appointed to estimate the value of road fixed the amount at \$5,500,000. Of this total there were prior liens amounting to \$1,925,000 which would leave the value of the Government's claim, \$3,575,000, which, with the credit of \$725,000, makes the amount realized today. The total amount of the Government's claim, however, was \$1,628,320 in principal and \$2,550,550 in interest, making a total of \$4,178,870. According to the value of the road as estimated by experts, no amount greater than the price brought today could be realized, hence the upset price was fixed at that figure. The indebtedness grew out of the issuance of bonds by the United States to the Railroad Company and the acts of June 1, 1862, and July 2, 1864.

**NOT PREPARED
TO RISK TRADE**

An Important Discussion in the House of Commons This Morning.

LONDON, June 20.—During a discussion of a clause of the finance bill in the House of Commons today the chancellor of the exchequer, Sir Michael Hicks-Bach, informed the members of an amendment providing for a preferential duty on sugar from the British Colonies that he had no intention of embarking on such a policy. It would, he said, benefit neither this country nor the colonies would deprive the exchequer of revenue without benefiting the consumer, and might endanger trade with foreign countries. There was a strong feeling on this subject in Germany and the acceptance of the amendment would mean running a most serious risk of losing the favored nation treatment Great Britain now enjoyed in Germany.

If preference was extended to sugar from Canada, Australia would want special treatment for other products and then foreign countries would offer the same concessions to the colonies and ask for similar treatment. He was not prepared to risk the loss of Great Britain's foreign trade, which was greater than that of the colonies. The preference granted by Canada had not greatly benefited trade between that colony and Great Britain, for the simple reason that the preference still left a protective duty against the British and in favor of the Canadian manufacturer. Although, happily, British trade had largely increased with Canada, the trade of the United States with Canada had also largely increased.

The amendment was negatived by a vote of 388 to 16.

**GENERAL CHAFFEE TELLS OF THE
MARCH OF THE TROOPS
TO PEKING.**

WASHINGTON, June 20.—The report of Major-General Chaffee on the campaign in China is being prepared for publication at the War Department. Among other matters it contains special reports upon the Russian, Japanese, French and British troops; also reports on equipment, supplies, etc., of foreign troops and reports on different expeditions. These reports were made by United States officers and from a military point of view are of considerable interest, but nearly all the main facts have heretofore been published. Some of General Chaffee's comments are interesting. At one point he says:

**HOW LOOTING WAS
STOPPED BY OFFICER.**

"For about three weeks following the arrival of the relief column at Peking the condition in and about the city and along the line of communication was bad. Looting of the city, uncontrolled foraging in the surrounding country and seizure by soldiers of everything a Chinaman might have, as vegetables, eggs, chickens, sheep, cattle, etc., which were being brought into the city or found on the farms; indiscriminate and general unprovoked shooting of Chinese in the city, country and along the line of march and the river—all this did not tend, as was natural, to gain for the troops the confidence of the masses, with whom it is certain we have no quarrel, but were in need of their labor."

Killed the Innocent.

It is safe to say that where one real Boxer has been killed since the capture of Peking, fifty harmless "Bohicks," laborers, including not a few women and children, have been slain. No doubt the Boxer element is largely mixed with the mass of population, and by slaying a lot one or more Boxers might be taken in."

General Chaffee speaks of the restraint he placed on American troops. The Japanese commander also made known that general warning on all classes was not intended.

Prohibited Looting.

General Chaffee said he opposed entering the Forbidden City unless looting was prohibited. This was agreed to and he thinks that little looting has been done there, though articles have been offered for sale said to have been taken from the Forbidden City.

**FORTY INSURGENTS WERE
KILLED IN ENGAGEMENT.**

MANILA, June 20.—It is estimated that forty insurgents were killed or wounded during the recent engagements which occurred in Sorsogon and Albay provinces. Many insurgents are returning to their homes.

General Calles, who was at Pagsanjan, Laguna province, yesterday, is now at Cavinti, not far from Pagsanjan.

Charges of theft and sale of public property are made against a number of the witnesses in the commissary cases. Evoyed General Davis has submitted a plan for the municipal government of Manila. The United States Philippine Commission is modifying it.

**GOVERNMENT'S INTEREST
IN RAILROAD SOLD.**

WASHINGTON, June 20.—The Government's interest in the Sioux City & Pacific Railroad Company was sold today at auction at the Treasury Department for \$1,872,000 cash and a credit of \$725,000 for the transportation of mail and troops. The sale was made to the Chicago and Northwestern Railway, which has been operating the Sioux City and Pacific for some time.

**WANTS HANNA
FOR PRESIDENT**

W. J. Bryan Gives His Views on the Presidential Situation.

CHICAGO, June 20.—W. J. Bryan, in a talk with Chicago newspaper men today, said:

"I am for Mark Hanna for the Republican candidate for President next time and drops the Republicans will nominate him, but I'm not sure I can control their convention."

"Who would be a good man for the Democrats to nominate?" was asked.

"It's too early to talk about any man for the Democratic nomination," said Mr. Bryan. "I have taken up a line of work and believe I have twenty years ahead of me to carry it out."

**AMERICAN SAILORS
DECORATED BY FRANCE.**

WASHINGTON, June 20.—Information has reached the French Embassy here that by a decision of the government on June 3 a French corporal has been decorated with a gold medal of the second class for an act of heroism toward two American soldiers during the campaign in China. The recipient is Corporal Duburon, a bugler of the Sixteenth regiment of Colonial Infantry. While the allied forces were marching on Peking and just after they had taken Yang Tsun, two American soldiers fell into the Pei Ho river. At the risk of his life the Frenchman jumped into the stream and succeeded in rescuing both of the Americans.

**COLUMBIAN REVOLUTION
IS NOW AT AN END.**

WASHINGTON, June 20.—Dr. Martinez Silva, Minister from Colombia, has received dispatches from the capital of Colombia which he regards as settling at rest the reports that Colombian revolutionists are again in strong force around Panama. The Minister's dispatches state that the uprising has been stamped out with the exception of a few small and scattered bands operating in the neighborhood of Panama. The bands are said to have no strength in Panama city, but their guerrilla tactics in the neighborhood account for the alleged trouble experienced by America and other parties.

**CIVIL GOVERNMENT
IN PHILIPPINES.**

WASHINGTON, June 20.—Civil government will be established in the Philippines on July 4th. Judge William H. Taft will be designated as Civil Governor. He will remain at the head of the Philippine Commission, which is to be continued. The order creating him Civil Governor will be issued by the President through the Secretary of War.

**MARK HANNA BRINGS
HARMONY IN CONVENTION**

Republican Leader Makes a Strong Speech and Pays a Glowing Tribute to President McKinley—Says All Pledges Have Been Redeemed by the Party.

CLEVELAND, O., June 20.—Contrary to general expectation, harmony prevailed at the Republican County Convention today. Senator Hanna occupied a seat on the platform and made a strong speech in favor of peace between the two factions of the party.

Important Campaign.

"Seldom has there been any campaign," he said, "of such importance as last year; bearing on questions of such moment, and this year it is the same. It will have great bearing on the President's work, and we should uphold him. This year we elect a Legislature to choose a successor to my distinguished colleague, Senator Foraker, and we should be united in the demand that he be sent back. The Legislature that chooses his successor will also re-district the State, and on this hangs the fate of at least five members of Ohio's Congressional delegation."

Speaks of McKinley.

"It is needless to tell what the Republican party has done for the country in the past years. It is not necessary for me to place McKinley in the first ring of Presidents. He is not only President but a fellow-citizen and a friend. If anything would please him it would be that this talk of harmony is not superficial. For myself, such a wish comes from the bottom of my heart."

Honored by Party.

"The Republican party has honored me beyond my merits. In 1896, on the turn of events, I was the property of the success of our country. New issues had been raised and many honest Republicans were led astray. No argument is so strong as an object lesson. The Republican party promised the country if McKinley was elected on the St. Louis platform all promises of prosperity would be fulfilled. They were fulfilled. The renewed confidence of the people came with the fulfillment. Let us give notice to the opposition in Ohio and in the United States that the Republican ranks are filling up and preparing for the battle of 1904. Let this be the notice to the State and the United States."

The nominations subsequently made were pretty evenly divided between the two factions of the party.

THE CROWN PRINCE.**

BERLIN, June 20.—While the Crown Prince Frederick William was on his way from Minder to Bonn a drunken individual approached his carriage at Bochum, Westphalia, yesterday, and aimed a blow with a stick at the window at which the Crown Prince was seated. **HUNT FOR MURDERER
IS STILL IN PROGRESS.**

An Important Discussion in the House of Commons This Morning.

LONDON, June 20.—During a discussion of a clause of the finance bill in the House of Commons today the chancellor of the exchequer, Sir Michael Hicks-Beach, informed the mover of an amendment providing for a preferential duty on sugar from the British Colonies that he had no intention of embarking on such a policy. It would, he said, benefit neither this country nor the colonies would deprive the exchequer of revenue without benefiting the consumer, and might endanger trade with foreign countries. There was a strong feeling on this subject in Germany and the acceptance of the amendment would mean running a most serious risk of losing the favored national treatment Great Britain now enjoyed in Germany.

If preference was extended to sugar from Canada, Australia would want special treatment for other products and then foreign countries would offer the same concessions to the colonies and ask for similar treatment. Sir Hicks-Beach was not prepared to risk the loss of Great Britain's foreign trade, which was greater than that of the colonies. The preference granted by Canada had not greatly benefited trade between that colony and Great Britain, for the simple reason that the preference still left a protective duty against the British and in favor of the Canadian manufacturer. Although, happily, British trade had largely increased with Canada, the trade of the United States with Canada had also largely increased.

The amendment was negatived by a vote of 395 to 16.

LITTLE BUSINESS AT
RICHMOND CONVENTION.

RICHMOND, Va., June 20.—The constitutional convention here today had little business of importance, the time being devoted to completing organization.

SIX LIVES WERE SAVED.

Only a fortunate chance averted a slight and easily repaired. This morning the workmen had the massive vestibule righted and set in its proper place.

When the accident occurred the men were lowering one of the vestibules into the pit at the bottom of the vault on large inclined skids. It is a massive steel frame weighing eleven tons without the doors. It was held and guided by two tackles worked by block attachments. The men in the pit were to work the vestibule into proper position, but were called out temporarily while the descent was stopped. It was just then that one of the big hooks of the tackle broke and the vestibule crashed to the bottom with startling suddenness.

Mr. Eock, who is superintending the erection for the company which manufactures these safe deposit vaults, said the lives of six men were saved by the merest chance. The vestibules, he said, are the largest he ever put up, and in fact the largest ever sent out by his company, being constructed according to special designs for the Central Bank.

Fortunately the material damage was

KILLED INNOCENT IN CHINA.

General Chaffee Tells of the March of the Troops to Peking.

HOW LOOTING WAS STOPPED BY OFFICER.

WASHINGTON, June 20.—The report of Major-General Chaffee on the campaign in China is being prepared for publication at the War Department. Among other matters it contains special reports upon the Russian, Japanese, French and British troops; also reports on equipment, supplies, etc., of foreign troops and reports on different expeditions. These reports were made by United States officers and from a military point of view are of considerable interest, but nearly all the main facts have heretofore been published. Some of General Chaffee's comments are interesting. At one point he says:

Looting of the City.

"For about three weeks following the arrival of the relief column at Peking the condition in and about the city and along the line of communication was bad. Looting of the city, uncontrolled foraging in the surrounding country and seizure by soldiers of everything a Chinaman might have, as vegetables, eggs, chickens, sheep, cattle, etc., which were being brought into the city or found on the farms; indiscriminate and general unprovoked shooting of Chinese in the city, country and along the line of march and the river—all this did not tend, as was natural, to gain for the troops the confidence of the masses, with whom it is certain we have no quarrel, but were in need of their labor."

Killed the Innocent.

It is safe to say that where one real Boxer has been killed since the capture of Peking, fifty harmless "chicks," laborers, including not a few women and children, have been slain. No doubt the Boxer element is largely mixed with the mass of population, and by slaying a lot one or more Boxers might be taken in."

General Chaffee speaks of the restraint he placed on American troops. The Japanese commander also made it known that general warring on all classes was not intended.

Prohibited Looting.

General Chaffee said he opposed entering the Forbidden City unless looting was prohibited. This was agreed to and he thinks but little looting has been done there, though articles have been offered for sale said to have been taken from the Forbidden City.

WANTS HANNA FOR PRESIDENT

W. J. Bryan Gives His Views on the Presidential Situation.

CHICAGO, June 20.—W. J. Bryan, in a talk with Chicago newspaper men today, said:

"I am for Mark Hanna for the Republican candidate for President next time and hope the Republicans will nominate him, but I'm not sure I can control their convention."

"Who would be a good man for the Democrats to nominate?" was asked. "It's too early to talk about any man for the Democratic nomination," said Mr. Bryan. "I have taken up a line of work and believe I have twenty years ahead of me to carry it out."

AMERICAN SAILORS
DECORATED BY FRANCE.

WASHINGTON, June 20.—Information has reached the French Embassy here that by a decision of the government on June 3 a French corporal has been decorated with a gold medal of the second class for an act of heroism toward two American soldiers during the campaign in China. The recipient is Corporal Daburon, a bugler of the Sixteenth regiment of Colonial Infantry. While the allied forces were marching on Peking and just after they had taken Yang Tsun, two American soldiers fell into the Pei Ho river. At the risk of his life the Frenchman jumped into the stream and succeeded in rescuing both of the Americans.

COLUMBIAN REVOLUTION
IS NOW AT AN END.

WASHINGTON, June 20.—Dr. Martinez Silva, Minister from Colombia, has received dispatches from the capital of Colombia which he regards as settling at rest the reports that Colombian revolutionaries are again in strong force around Panama. The Minister's dispatches state that the uprising has been stamped out with the exception of a few small and scattered bands operating in the neighborhood of Panama. The hands are said to have no strength in Panama city, but their guerrilla tactics in the neighborhood account for the alleged trouble experienced by America and other parties.

MARK HANNA BRINGS HARMONY IN CONVENTION

Republican Leader Makes a Strong Speech and Pays a Glowing Tribute to President McKinley—Says All Pledges Have Been Redeemed by the Party.

CLEVELAND, O., June 20.—Contrary to general expectation, harmony prevailed at the Republican County Convention today. Senator Hanna occupied a seat on the platform and made a strong speech in favor of peace between the two factions of the party. Important Campaign.

"Seldom has there been any campaign," he said, "of such importance as last year; bearing on questions of such moment, and this year it is the same. It will have great bearing on the President's work, and we should uphold him. This year we elect a Legislature to choose a successor to my distinguished colleague, Senator Foraker, and we should be united in the demand that he be sent back. The Legislature that chooses his successor will also re-district the State, and on this hangs the fate of at least five members of Ohio's Congressional delegation."

Speaks of McKinley.

"It is needless to tell what the Republican party has done for the country in the past years. It is not necessary for me to place McKinley in the first ring of Presidents. He is not only President, but a fellow-citizen and a friend. If anything would please him it would be that this talk of harmony is not superficial. For myself, such a wish comes from the bottom of my heart."

Honored by Party.

"The Republican party has honored me beyond my merits. In 1896, on the turn of events, having the prosperity and the success of our country. Now issues had been raised and many honest Republicans were led astray. No argument is so strong as an object lesson. The Republican party promised the country if McKinley was elected on the St. Louis platform all promises of prosperity would be fulfilled. They were fulfilled. The renewed confidence of the people came with the fulfillment. Let us give notice to the opposition in Ohio and in the United States that the Republican ranks are filing up and preparing for the battle of 1904. Let this be the notice to the State and the United States."

The nominations subsequently made were pretty evenly divided between the two factions of the party.

DR. E. H. WOOLSEY VISITS MURDERER

Prominent Physician Gives His Views About the Man Behind the Bars.

I visited the Rev. Charles G. Adams in the County Jail this afternoon. He is a man below medium height, with a strong, well-built frame and a head that combines the facial characteristics of a prize-fighter and the cranial conformation of a scholar. He is a man of marked intellect and physical capacity. Why he has not been a success is a question for special study. Not knowing anything of his history except what I saw in the Examiner this morning and there was little reference to his antecedents—I am inclined to blame heredity for mental weakness that have been to some extent potentially misdirecting. If we may suppose that his grandfather was a drunkard, we can understand how the sin has been transmitted and impressed in the neurotic structure of his brain; how the desire for drink should at times assert itself, and how a hereditary tendency to muscular degeneration of the brain should excite hereditary defective brain cells, and thus promote trouble.

From the thick glasses he wore I judge that he has marked myopia and astigmatism of congenital origin. Here is a clue to depraved physiology antecedent his birth.

The external impressions upon the brain of an individual who cannot see but a few inches from his nose, and in whose eyes the rays of light never focus, is really must be very different from the impressions received by a normal eye—different as to be abnormal; and although the optic nerves, with glasses, correct to some extent the defective eyes, he can never cure by mechanical means the physiologic and histologic faults behind the eye, or restore to normal condition conceivable pathologic nerve paths and nerve centers through which impressions of the outer world must pass to the coordinating centers of such a brain. Much less is he capable of effacing from the brain the false impressions received before glasses were worn, or the ill imperfect and there is false and abnormal impressions received since wearing them.

An impression from without in transit would at first encounter the distorted influence of a defective eye, then is twisted from the normal along a presumably corresponding defective nerve and ganglionic paths and lastly is received and metamorphosed by presumably corresponding brain cells. The reflex of such error is the distortion of an idea and the idea represents the man.

Now you can no more get strictly correct ideas, normal ideas, from a congenitally defective head than you can get pure water from a city well or pure whiskey from a drug store.

Every person congenitally blind, or partially blind, is mentally abnormal; the congenitally blind have uncontrollable temper, temper that even a State educational institution cannot control. When an inmate of an asylum gets mad and his brute instinct predominates and you can no more reason with him than with a mad dog. In short, it may be said that the blind are abnormally prone to the domination of passion.

The influence of liquor upon conduct is proverbially expressed by the phrase, "In vino veritas," but the conduct of an intoxicated man may be quite at variance with sober man. When the known character of such person when sober. All men are both good and bad, and it is evident that most men have more good qualities than bad ones, else the majority would not be law abiding. When a man is sober, the good in him has the mastery, but when his brain is perturbed by the actions of alcohol, restraint is wanting and his actions are influenced by emotions excited by suggestion and environment.

It is a fact that great men have strong passions, and it follows that well developed brains have a potency for evil as well as for good. When Napoleon fights he fights, but when the fight is over his reveals are as intense as his battles. As to the Napoleonic brain of duty the influence of alcohol, and frenzied excitement or temporary insanity will be the result.—Dr. E. H. Woolsey in San Francisco Examiner.

J. C. STUBBS TO GO TO CHICAGO.

Will Have Charge of the Traffic For the Harriman Syndicate.

J. C. Stubbs of the Southern Pacific Company, in speaking of his new position and his new work has evening, said:

"When do you expect to take up your new work?" Mr. Stubbs was asked.

"At once, or at least as soon as I can settle my business affairs," he replied.

"I expect to leave here and go to Chicago the early part of July. I am sorry that I shall no longer reside in San Francisco and shall leave California with many happy recollections."

"Will you direct the traffic of the entire Harriman syndicate of roads?" was asked.

"No; I will simply attend to the Union Pacific, Southern Pacific, Oregon Short Line, Oregon Railroad and Navigation and the Chicago and Alton. The new plan should strengthen these roads and at the same time not weaken the others."

The same action has been taken by the Morgan interests. They have placed Dorius Miller in charge of the Great Northern and Burlington and he will be practically in charge of the business of these roads. The railroad magnates of the East have decided that the best way to operate roads is by this form of consolidation. It is perfectly legal, and is sure to bring forth great results.

Mr. Stubbs' appointment to this new post lesson the move of President Hayes" was asked.

"I don't want to talk about that," Stubbs replied. "Don't ask me that, as I cannot answer. I will have my headquarters in Chicago, as I told you before, and will dictate the traffic management. I have not decided whether or not I will take any attaches of the road from here back with me. I have not had time to consider this question yet, but I shall certainly require a number of assistants."

ADVISED BY JUDGE TO GO AND SIN NO MORE.

Sarah Bull, daughter of Mrs. Mary C. Bull, who, together with Clarence Bassett, was sentenced to the County Jail for nine months by Police Judge Smith yesterday, appeared in the Police Court on a charge of vagrancy.

The girl last Sunday was married at the City Prison to Louis Lipold, who is the father of her 13-months old child.

Acting Police Judge Stetson was in a jolting mood, and dismissed the case, but before so doing he said:

"You are married now and have a charge to start out in life anew. The associates of the past have dragged you down. Even your mother has not been one of those example you should follow. If you associate with her at all, let it be in an attempt on your part to influence her for the better. You may go now, but remember if you continue in the future as in the past, this is by no means the end of your trouble."

And the girl, brazen and indifferent, sauntered out of the court room, chewing her gum. She is 17 years old.

TELLS HOW TO RUN CITY OF OAKLAND.

One Rudolph Williamson, a promising though hitherto unknown local philosopher, has written a screed to the City Fathers giving them pointers on how to run the city government to the queen's taste.

Councilman Courtney, with the aid of City Clerk Rod Church and a Philadelphia lawyer, after considerable work, managed to get the scheme which Williamson urges in his communication.

In the first place, this long hidden star of municipal government urges that the Council hold its meetings on Tuesday or Thursday evenings, in order to not interfere with "first nighters" at the theaters or those who attend private meetings on Wednesday or Friday evenings.

He also suggests that all saloons remain closed on Sundays up to noon, and all other business places, owing to the impossibility of attending to Saturday night's rush, be kept open until Sunday noon.

MRS. VON KAPFF IS GRANTED A DIVORCE.

Grace A. Von Kapff today secured a decree of divorce from H. W. Von Kapff on the ground of willful neglect. It was alleged that Von Kapff left his wife in Alameda and came to this city to reside. Later he was found guilty of corruption while acting as Constable and was sent to San Quentin. He was released last August and is now working for the Market Street Railway Company in San Francisco. Mrs. Von Kapff was permitted to resume her maiden name of Madsea.

OAKLAND HARBOR NEWS NOTES.

Hay & Wright Will Build a Large Barge at Their Alameda Yards.

The workmen at Hay & Wright's shipyards have commenced work on an unusually large barge, or lighter, to be used upon the bay. It will be 130 feet long, 40 feet wide and 8 feet deep.

It is customary in shipyards to have an annual cleaning up of the odds and ends of lumber that have accumulated during the year, and it is to use this lumber and, at the same time, to prevent the necessity of laying off some of the men, that the barge is being built.

"We are building the barge for ourselves," said Mr. Wright, yesterday. "There are always odds and ends of lumber left over from every contract, and when a sufficient amount accumulates it is made into some sort of craft. This also prevents the men from being laid off during the dull times. We will either sell or charter the barge when it is completed."

Cargo of Reptiles.

The two masted schooner Mary Sachs, which has just returned from a scientific expedition to the South Sea Islands, is discharging her cargo of animals, reptiles, birds and eggs at the city wharf, and the unusual scene is attracting quite a crowd to the docks. The greatest interest is being taken in the tortoise, there being twelve live ones aboard. These weigh between 400 and 500 pounds apiece.

There is also a baby tortoise aboard. It weighs about fifty pounds, although it is not more than a foot in diameter, and it has become so tame that it will eat from the ship cook's hands. The tortoise fed upon vegetable matter but their favorite food is the cactus, which grows in abundance on the South Sea Islands. The tortoise were captured in the craters of extinct volcanoes.

Harbor Notes.

Work has been stopped on the steam schooner Redwood, which was launched last week at Dickey's shipyards. This was the result of the iron workers' strike, as the vessel is complete except her engines and other iron work.

The hoisting screw belonging to Stuart Menges is being re-painted and repaired at Hay & Wright's shipyards.

RESULT OF THE POLICE EXAMINATION.

August T. Anderson, 89 per cent; George W. Brown, 90; M. A. Byrne, 92; Charles H. Book Jr., 100; James T. Drew, 98; George Doolan, 85; William A. J. Voorhes, 74; J. H. Walters, 92.

As will be seen, all of the applicants passed, 70 per cent being the minimum. Some of the answers given proved amusing, and the diversity of opinion as to what constitutes a policeman is wonderful.

To the question "What's a policeman?" here are some of the answers: "A man appointed by the Police Commissioners."

"A public officer."

"A peacemaker."

"Officer of Justice."

"A policeman is a person elected by the City Council to see that the laws of the city are enforced."

DR. E. H. WOOLSEY VISITS MURDERER J. C. STUBBS GO TO CHICAGO.

Prominent Physician Gives His Views About the Man Behind the Bars.

I visited the Rev. Charles G. Adams in the County Jail this afternoon. He is a man below medium height, with a strong, well-built frame and a head that combines the facial characteristics of a prize-fighter and the cranial conformation of a scholar. He is a man of marked intellectual and physical capacity. Why he has not been a success is a question for special study. Not knowing anything of his history except what I saw in the Examiner this morning—and there was little reference to his antecedents—I am inclined to blame heredity for mental weaknesses that have been to some extent potentially misdirecting. If we may suppose that his grandfather was a drunkard, we can understand how the sin has been transmitted and impressed in the hereditary structure of his brain; how the desire for drink should at times assert itself, and how a hereditary tendency to vascular engorgement of the brain should excite hereditarily defective brain cells, and this promote frenzy.

From the thick glasses he wore I judge that he has marked myopia and astigmatism of congenial origin. He is a clue to depraved physiology antedating his birth.

The external impressions upon the brain of an individual who cannot see but a few inches from his nose, and in whose eyes the rays of light never focus directly must be very different from the impressions received by a normal eye—so different as to be abnormal; and though the optician may, with glasses, correct to some extent the defect of the eyes, he can never cure by mechanical faults behind the eye, or restore to normal condition conceivable pathologic nerve paths and nerve centers through which impressions of the outer world must pass to the cerebrating centers of such a brain. Much less is he capable of effecting from the brain the false impressions received before glasses were worn, or the still fainter and more false and abnormal impressions received since wearing them.

An impression from without in transit would at first encounter the distorting influence of a defective eye, then is twisted from the normal along a presumably corresponding defective nerve path, and finally passes and lastly is received and metamorphosed by presumably corresponding brain cells. The reflex of such cerebration is the expression of an idea, and the idea represents the man.

Now you can no more get strictly correct ideas, normal ideas, from a congenitally defective head than you can get pure water from a city well or pure whiskey from a drug store.

Every person congenitally blind, or partially blind, is mentally abnormal. The congenitally blind have uncontrollable temperamental impulses that even a State educational institution cannot control. When an inmate of an asylum gets a mad dog, his brute instinct predominates and you can no more reason with him than with a mad dog. In short, it may be said that the blind are abnormally prone to the domination of passion.

The influence of liquor upon conduct is proverbially expressed by the phrase, "vino veritas," but the conduct of an intoxicated man may be quite at variance with sober truth, or the known character of such person when sober. All men are both good and bad, and it is evident that most men have more good qualities than bad ones, else the majority would not be law abiding. When a man is sober, the good in him has the mastery. But when his brain is perturbed in its functions by alcohol, restraint is wanting and his acts are influenced by emotions excited by suggestion and environment.

It is a fact that great men have strong passions, and it follows that well developed brains have a potency for evil as well as for good. When a Napoleon fights he fights, but when the fight is over his reveals are as intense as his battles. Add to the Napoleonic brain off duty the influence of alcohol, and frenzied excitement or temporary insanity will be the result.—Dr. E. H. Woolsey in San Francisco Examiner.

WIVES SAY HUSBANDS FAILED TO PROVIDE.

Aurelia Rose Cooper has commenced suit for a divorce from F. F. Cooper on the ground of failure to provide.

Catherine Quinlan has been granted a divorce from Patrick Quinlan on the ground of failure to provide.

J. C. Stubbs of the Southern Pacific Company, in speaking of his new position and his new work last evening, said:

"When do you expect to take up your new work?" Mr. Stubbs was asked. "At once, or at least as soon as I can settle my business affairs," he replied. "I expect to leave here and go to Chicago the early part of July. I am sorry that I shall no longer reside in San Francisco and shall leave California with many happy recollections."

"Will you direct the traffic of the entire Harriman syndicate of roads?" was asked. "No, I will simply attend to the Union Pacific, Southern Pacific, Oregon Short Line, Oregon Railroad and Navigation and the Chicago and Alton. The new plan should strengthen these roads and at the same time not weaken the others."

"The same action has been taken by the Morgan interests. They have placed Darius Miller in charge of the Great Northern and Burlington and he will be practically in charge of the business of these roads. The railroad magnates of the East have decided that the best way to organize roads is by this form of consolidation. It is perfectly legal, and is sure to bring forth great results."

"Will your appointment to this new post lessen the power of President Hayes?" he was asked.

"I don't want to talk about that," Stubbs replied. "Don't ask me that as I cannot answer. I will have my headquarters in Chicago, as I told you before, and will dictate the traffic management. I have not decided whether or not I will take any attaches of the road from here back with me, have not had time to consider this question yet, but I shall certainly require a number of assistants."

ADVISED BY JUDGE TO GO AND SIN NO MORE.

Sarah Bull, daughter of Mrs. Mary C. Bull, who, together with Clarence Bassett, was sentenced to the County Jail for nine months by Police Judge Smith yesterday, appeared in the Police Court on a charge of vagrancy.

The girl last Sunday was married at the City Prison to Louis Lippold, who is the father of her 13-months old child.

Police Judge Smith, who was in a lenient mood, and dismissed the case, but before so doing he said:

"You are married now, and have a chance to start out in life anew. The associates of the past have dragged you down. Even your mother has not been one whose example you should follow. If you associate with her at all, let it be in an attempt on your part to influence her for the better. You may go now, but remember if you continue in the future as in the past, this is by no means the end of your trouble."

And the girl, brazen and indifferent, snatched out of the court room, chewing her gum. She is 17 years old.

TELLS HOW TO RUN CITY OF OAKLAND.

One Rudolph Williamson, a promising though hitherto unknown local philosopher, has written a screed to the City Fathers giving them pointers on how to run the city government to the queen's satisfaction.

Councilman Courtney, with the aid of City Clerk Rod Church and a Philadelphia lawyer, after considerable work, managed to unravel the scheme which Williamson urges in his communication.

In the first place, this long hidden star of municipal government urges that the Council hold its meetings on Tuesday or Thursday evenings, in order to not interfere with "first rights" at the theaters or those who attend prayer meetings on Wednesday or Friday evenings. He also suggests that all saloons remain closed on Sundays up to noon, and all other business places, owing to the inability of attending to Saturday night's rush, be kept open until Sunday noon.

MRS. VON KAPFF IS GRANTED A DIVORCE.

Grace A. Von Kapff today secured a decree of divorce from H. W. Von Kapff on the ground of wilful neglect. It was alleged that Von Kapff left his wife in Alameda and came to this city to reside. Later he was found guilty of corruption while acting as Constable and was sent to San Quentin. He was released last August and is now working for the Market Street Railway Company in San Francisco. Mrs. Von Kapff was permitted to resume her maiden name of Madson.

CLAIMS TO BE CAPTAIN WILLIAMS' DAUGHTER

The death of Captain H. G. Williams has brought to light a story which may involve the estate in considerable litigation. A woman who says her name is Mrs. Mary Schmidt, has appeared with a claim that Captain Williams was the father of her 16-year-old daughter, who bears the name of Marie E. Williams. Captain Williams' first wife, from whom he was divorced, now lives in Boston and holds deeds to all his property, subject to a power of attorney which he held. His second wife was a sister of Puglist Joe Choyinski, and the third wife was the one who had him arrested some time ago for battery.

FINE SURPLUS IN THE STREET LIGHT FUND.

City Electrician George Carleton has managed the affairs of the street light department this fiscal year with extraordinary economy.

As a result of kindly indulgence on the part of the Oakland Gas, Light and Heat Company, there will be a surplus of \$7,000 in his fund at the close of the fiscal year. The police telegraph fund, however, has been exhausted by the alarm system put in the new engine houses at Alden and Golden Gate, the expense being in the neighborhood of \$1,000. The fact of the splendid surplus in Carleton's light fund is one of the things that gives him the look of satisfaction and contentment he wears so gracefully.

The Marquis arrived in Rome from Buenos Ayres a few days ago and is now in conference with the Italian authorities preparatory to coming to Washington.

REV. FATHER CARAHAR IS TOURING IN EUROPE.

Rev. Father Carahar, rector of St. Francis' Church, who is spending a vacation tour abroad, has been devoting much time to scientific research and historical investigation. Letters have just been received in this city, which were mailed in Greece, the closing days of May. In them he tells of a visit to Delphi, where the French school at Athens is making excavations on an extensive scale. The clergyman spent considerable time enjoying the advantages coming through visits to the American school, and association with the corps of professors and students there. He saw Professor Richardson of the University of California on several occasions, the last time at old Corinth, where he was conducting excavations. There Father Carahar says the American school has made some important discoveries. Its labors in that field came to an end temporarily about the middle of May. St. Francis' pastor is spending the present month in Spain. Later he will leave the Continent of Europe for a stay in Ireland before sailing for home. Father Carahar was formerly pastor at Mission San Jose in this county.

CONTESTED WILL IS ADMITTED TO PROBATE.

The will of Mrs. Maria L. Shimmin has been admitted to probate in Contra Costa county. Mrs. Shimmin was 90 years of age at the time of her death. She left her \$80,000 estate to Attorney L. D. Sawyer of San Francisco and also to her daughter, Mary, who is a sister, residing in New Jersey. After contesting the will on the ground of insanity and undue influence, Judge Wells held, however, that no testimony had been introduced to substantiate these contentions. Sawyer some time ago relinquished his legacy to the heirs for \$3,000. Medina, the foreman, will get the ranch.

Mrs. Shimmin came to California about fifty years ago with Charles Shimmin, who abandoned his wife for her. They were married after Shimmin's wife died.

PATHETIC CASE OF CENTERVILLE YOUNG LADY.

Dr. Griswold Accused of the Murder of Miss Sandholt.

holdt.

WM. HIRSCH OF IRVINGTON
IS ALSO IN THE CASE.

Dr. W. H. Griswold, whose office is in St. Ann's building San Francisco, was arrested yesterday and charged with murder. The arrest was made after the verdict was returned by the Coroner's jury in the case of Carrie Sandholt, the Centerville girl who died last Saturday in the Golden West Hotel. The verdict of the jury was "that death was due to blood poisoning following an abortion performed by Dr. W. H. Griswold, and we, the jury, hold said Griswold for the crime of murder." Coroner Leland approved the verdict and Detective Coleman took charge of the prisoner.

Griswold took the witness stand in his own behalf and testified that he did not commit the abortion. He said that Miss Sandholt came to him suffering from the effects of the operation. She said she had gone to Dr. C. C. O'Donnell and other specialists of that class. His testimony was contradicted in several instances by Miss Eugenia Herbert, the trained nurse who with Helen Huntington took charge of Miss Sandholt a few days before her death. Miss Herbert, however, said that Miss Sandholt told her she had been to see other doctors.

The most damaging testimony against Dr. Griswold was given by Mrs. Hagerty, a sister of the deceased, who lives in Berkeley. Mrs. Hagerty testified that her sister went to her at Berkeley from her home in Centerville several days ago and asked the witness to come to this city with her as she wanted to see a doctor. She did not say what her sickness was, but the witness knew that Carrie was not feeling well. She said that when they reached Griswold's office he seemed to know Carrie. The doctor called several times on Griswold and last Wednesday she became so sick that they went to the nearest hotel, the Golden West, on Ellis street, where she remained until her death, last Saturday. She said that she registered under the name of Brown, but before she died she gave her true name.

Mrs. Hagerty testified that last Wednesday, when her sister became very ill, she told the witness all about her condition. She said that William Hirsch, a young man who lives in Irvington, Alameda county, was responsible for her condition. She said she went to Dr. O'Donnell, but the latter's treatment did her no good, and when she complained he said that she was not in the condition he thought she was. Then Hirsch and Miss Sandholt went to Professor Jordan's museum on Market street, where a doctor told her that what her condition was. He recommended Dr. Griswold, and she went there. She said that Griswold performed the operation. While at the Golden West Hotel Griswold would permit no one to see her unless by a pass furnished by him.

Last Saturday Griswold called on Captain Seymour and in explaining his negligence in not reporting the case to the police said he did not want to hurt the girl. He said that William Hirsch told him he could be trusted with a secret as well as Griswold.

WATER MANDAMUS CASE TO BE DISMISSED.

The mandamus suit of the Contra Costa Water Company to compel City Auditor A. H. Breed to audit the bills for water supplied to the city during the last year, was not taken up today as it was apparent that the complaint had been filed too soon. The matter was continued to next Monday at which time the present complaint will probably be dismissed. A new complaint will be filed later.

The city charter provided that after the Auditor has rejected a bill, the same may be presented to him again, after it has been repassed by the Board of Public Works and signed by the Mayor. The bill is then to be treated the same as if it were being presented for the first time.

Auditor Breed has rejected the bills of the Water Company amounting to about \$25,000, but they have not yet been repassed by the Board of Public Works, or signed by the Mayor.

After consulting with the Auditor's attorney, Guy C. Earl, Emil Nusbaum, representing the Water Company, decided to ask for a continuance. He stated to the court that the present complaint would probably be dismissed, as it appeared that the action was premature.

SMITH BROTHERS BRING A SUIT FOR DAMAGES.

Smith Brothers, the stationers, have begun a suit against A. W. Merrill, for \$299 damages alleged to have been sustained through the defendant's negligence.

POLL TAX MUST NOW BE PAID.

Boothblacks Have a Hard Time
Trying to Beat the
Game.

P. G. Thompson, a poll tax collector, caused considerable excitement among the boothblacks of the city today by threatening to seize their stands for poll tax. Thompson has been after the boothblacks for a week, but they have been pleading poverty to avoid paying the \$2 required by the law. Today Thompson tried new and very effective tactics. He went to the boothblack at the southwest corner of Eighth and Washington streets and demanded the money. "No gotta de mon," said the boothblack carelessly.

"Then I'll seize your stand," said Thompson quietly.

"No gotta de mon," repeated the Italian, showing some heat.

"All right," said Thompson, laying his hand on a chair. Then there were pyrotechnics. The boothblack blanketed everything pertaining to poll tax. He cursed the Government from McKinley to the Tax Collector and swore that he would not pay a cent more than he grew hotter than Oakland before he'd give him a cent. Then he cooled off a little and seeing that Thompson was old, slowly drew \$2 from his pocket. At the stand diagonally across the street the two boothblacks gave in quicker, but with no better grace.

"Only seven men pay," said the boothblack, while Thompson was making out his receipt. The collector had similar scenes at most all of the stands, but when the boothblacks found that he was in earnest they reluctantly produced the money.

The collectors have orders to collect from every prospective person, and the capitalists and professional men will find the same annoyance that has disturbed the boothblacks. The city and county officials have, with a few exceptions, failed to pay their poll tax and their salaries will be garnished if they do not secure receipts before the first day of next month. The garnishing of officials' salaries for poll tax is not a new proceeding in the city of Greater Oakland.

BIRTHDAY CELEBRATED AT MT. EDEN HOME.

MT. EDEN, June 20.—Friends and neighbors to the number of twenty gathered at the home of Mr. Herman Dickman last Tuesday afternoon to celebrate the fifty-second anniversary of Mrs. Dickman's birthday. The guests amused themselves as only the Mt. Eden people know how until a late hour, when supper was served by the hostess. A pleasant hour was spent around the festal board, after which all returned to their homes, wishing Mrs. Dickman many happy returns of the day.

DEATH SUMMONS WOMAN WELL KNOWN HERE.

The many friends of Mrs. Martha A. Wiley in this city will be pained to learn of the death of that estimable woman at the home of her son, W. D. Wiley, in Fresno, last Sunday. Mrs. Wiley had been in poor health for several months and her last illness was accompanied by intense suffering. The cause of death was old age.

Mrs. Wiley was born in Maine, 75 years ago. She came to California with her husband in the early '50's and settled in Georgetown, El Dorado county, where she made her home until a few years ago, when she went to Fresno to live with her son. She had many friends in Oakland, where she frequently visited. She was a widow, but leaves two children, W. D. Wiley and Mrs. Ada M. Santa. ADD EARL STORY

RAPID TRANSIT BILLS SIGNED BY GOVERNOR.

HARRISBURG, Pa., June 20.—Governor Stone this morning signed the two supplemental rapid transit bills which passed the House yesterday afternoon. One of them constitutes the Governor, Secretary of State and Attorney General a board to pass upon future applications for rapid transit charters, and the other removes ambiguity from the original bill by providing that under one charter either an elevated or an underground road, or both, or one partly elevated and partly underground, may be constructed.

THEY DO IT.

People Quit Coffee and Get Well on Postum Food Coffee.

A man in Milford, Ind., says he did not quit drinking coffee because he thought it hurt him, but because he found a morning beverage he liked better in Postum Food Coffee, but to his wonder and surprise, he found in a few weeks all of the old symptoms of sickness had left him.

He had been greatly troubled with his stomach and heart, also with what is called "water brash," and dull headaches "which made me very irritable and quick tempered."

All of these symptoms disappeared and he discovered, in spite of all his previous theories, that coffee was really the cause of his troubles. It was the leaving off of coffee and taking on Postum Food Coffee brought about a perfect cure.

DYING WORDS OF BRAVE JIM STANLEY.

Railroad Hero Knew That He
Would Be Killed in
a Wreck.

Funeral Services
WERE HELD TODAY

The funeral of the late James Stanley, the engineer, who died at the Southern Pacific Hospital in San Francisco as the result of fatal injuries sustained in a wreck on the narrow gauge in the Santa Cruz mountains, was held this morning at the church of the Immaculate Conception, at Seventh and Jefferson streets, where a solemn requiem high mass was celebrated for the repose of his soul.

The Rev. Father King, pastor of the church, was the celebrant, assisted by Deacons, showing some heat.

The church was thronged with friends and acquaintances of the deceased, who had previously visited at the family residence, corner of Seventh and Oak streets, where they paid their last respects to the departed.

The floral offerings were numerous as well as beautiful. Among the most notable was a floral piece fashioned after the patent automatic oil cup, invented by deceased, and which was placed in the casket.

The interment was in St. Mary's Cemetery, and the funeral was very largely attended.

"Jim" Stanley, as the deceased engineer was known, was one of the pioneer engineers and most popular men on the narrow gauge road. There was not a man, woman or child along the line who did not know Engineer Stanley.

He was a man of indomitable energy, possessed of the kindest disposition and charitable to all. He was ever mindful of his end, and as he said, "There are two things in the life of an engineer," he used to say, "and these are your pay and death."

Frequently of recent years friends would importune him to quit engineering. He had been twice in weeks, escaping narrowly with his life, and he had said to himself, "I might get out of the business, if I could go far away from here; but what could I do saying home and hear a train go by the house? Why, I simply couldn't stand that. It would be torture. And yet I know the third time will catch Jim Stanley."

James Stanley, who is a draughtsman at Mare Island, was to be married on the very day his father was fatally injured in the recent wreck, he came to his bedside and whispered that he would postpone the wedding until the father might recover. "No, Jim," replied the dying hero, "you go ahead. I'll be all right again. And if the worst comes, Jim, I want you both to be happy."

EDWARDS' HORSE WON THE GOLD CUP.

LONDON, June 20.—The race for the Rouse Memorial stakes, 210 each, with \$1,000 added, at Ascot today, resulted in a dead heat between Sonator and Lord Bobs. The stakes were divided. Cynical finished third. Six horses ran. Edwards' Santol won the gold cup.

W. C. Whitney's Kilmarock II (L. Reiff) was second, and T. R. Dawar's Porfahire (Masher) third. The value of the gold cup is \$1,000. \$500 added in specie, to which is added a sweepstakes of \$25 each, out of which the second horse receives £20 and the third £20.

LARGE FIRE IN ST. LOUIS.

Property Valued in the Neighborhood of \$200,000 Is Destroyed.

ST. LOUIS, June 20.—Fire which originated in the establishment of the J. B. Sikes Saddlery Company, at the southwest corner of Twenty-first street and Washington avenue, early this morning, consumed property and stock valued at nearly \$200,000. The loss is partially covered by insurance. The losing firms are J. B. Sikes Saddlery Company, the T. P. Reynolds Carriage Company, the Lambert Pharmacy Company, and several other concerns of minor importance.

The fire was discovered a few moments after 2 o'clock, when an explosion which could be heard for some distance occurred in the front portion of the building occupied by the Sikes Company. A second later the plate glass windows in front of the store crashed out into the street, followed by a rush of flames, and in an instant the building was afire from top to bottom.

A general alarm was turned in, but the interior of the immense building was soon burned out. The loss of the Sikes Company will reach probably \$50,000 on their stock, consisting of harness, saddles and whips. The building of the Sikes Company was a four-story brick structure, owned by Sikes Bros., contractors. It was erected only a short time ago at a cost of \$110,000. Except the front and one side wall nothing is left of it.

In the rear of the Sikes building is that occupied by the Lambert Pharmacy Company. It was several times threatened with destruction, but was saved with a loss of \$3,000, which is fully covered by insurance.

The Reynolds Carriage Company's building, a two-story structure across the alley from the Sikes Building, was destroyed with its contents, making a loss estimated at \$15,000, partially covered by insurance.

During the fire several firemen were injured, but not seriously.

TARIFF MATTERS ARE DISCUSSED BY ITALIANS.

WASHINGTON, June 20.—The Russian Ambassador, Count Cassini, had a conference of about half an hour with Secretary Hay today, during which the tariff questions which have arisen were discussed fully. The conference did not, however, lead to any new development in the matter. It is understood, however, that the exchange brought about includes assurances from the Ambassador that Russia's action was entirely devoid of political importance and was in no way connected with a move antagonistic to American products.

The Italian charge d'affaires, Mr. Carignani, also had a talk with Secretary Hay, during which tariff matters were also discussed. In connection with the differential duty now levied on Italian sugar, the Italian authorities state that their official returns as to imports show that no Italian sugar was brought into the United States last year.

AMERICAN OARSMEN MAKE A SHOWING.

HENLEY, England, June 20.—The oarsmen from the University of Pennsylvania were up early this morning. They are all delighted with their quarters. Coach Ellis Ward walked the crew to the railroad station, where the boats were taken off the trucks and carried to the boathouse. A small crowd of inhabitants and several British oarsmen watched the visitors' racing boat, which was much admired, as was also the clean-cut, athletic appearance of the crew. The river appeared a little narrow to the Americans.

The Americans took a spin to the starting point this afternoon and back to their quarters. The crew created a favorable impression.

FIRST GOLD SHIPMENT FROM THE KLONDIKE.

SEATTLE, Wash., June 20.—The first gold shipments of the season are now on the way from the Klondike. Both consignments will probably arrive in Seattle next week.

Another party has begun the preliminary work of diverting the Mary's river into the Milk river valley in Montana.

CHANGES IN THE S. P. MANAGEMENT

E. H. Fitzhugh for General Manager and J. M. Herbert for General Superintendent.

SALT LAKE, June 20.—Southern Pacific circles will be shaken this week when an official announcement is made designating E. H. Fitzhugh as general manager and J. M. Herbert as general superintendent. This does not mean a complete change in the operating department of the system. At present the fourth vice-president, Julius Kruttschnitt, is in charge of the operating department of the whole system. There are assistant managers and division superintendents, but there is no general superintendent on the system. Mr. Fitzhugh has been on the Coast for some time. He was formerly vice-president and general manager of the Central Vermont Railway. J. M. Herbert is a Gould man. He comes from St. Louis, where he was general superintendent of the big Missouri Pacific lines, and is rated as an expert in railway operations.

Captain Williams' first wife, from whom he was divorced, now lives in Boston and holds deeds to all his property, subject to a power of attorney which he held. His second wife was a sister of Pugilist Joe Choynski, and the third wife was the one who had him arrested some time ago for battery.

NEW ITALIAN MINISTER ARRIVES IN WASHINGTON.

WASHINGTON, June 20.—The new Italian Minister to Japan, Mr. Molejari, has arrived in this country on his way to his new post and through inadvertence his name has been given in press dispatches as the new Minister to the United States. The successor to Baron Fava is Marquis Malaspina, late Italian Minister at Buenos Ayres. The Marquis arrived in Rome from Buenos Ayres a few days ago and is now in conference with the Italian authorities preparatory to coming to Washington.

REV. FATHER CARARER IS TOURING IN EUROPE.

Rev. Father Cararer, rector of St. Francis' Church, who is spending a vacation tour abroad, has been devoting much time to scientific research and historical investigation. Letters have just been received in this city, which were mailed in Greece, the close of his trip. In them he tells of his days in Delphi, where the French school at Athens is making excavations on an extensive scale. The clergyman spent considerable time enjoying the advantages coming through visits to the American school, and association houses at Alden and Golden Gate, the expense being in the neighborhood of \$1,000. The fact of the splendid surplus in Cararer's light fund is one of the things that gives him the look of satisfaction and contentment he wears so gracefully.

CONTESTED WILL IS ADMITTED TO PROBATE.

The will of Mrs. Maria L. Shimmim has been admitted to probate in Contra Costa county. Mrs. Shimmim was 80 years of age at the time of her death. She left her \$50,000 estate to Attorney E. D. Sawyer of San Francisco and Jose Madina, foreman of her ranch. A sister, residing in New Jersey, contested the will on the ground of insanity and undue influence. Judge Wells held, however, that no testimony had been introduced to substantiate these allegations. Sawyer some time ago relinquished his legacy to the heirs for \$3,000. Madina, the foreman, will get the ranch.

Mrs. Shimmim came to California about fifty years ago with Charles Shimmim, who abandoned his wife for her. They were married after Shimmim's wife died.

DEATHS REPORTED AT BOARD OF HEALTH.

Lizzie C. Williams, a native of Pennsylvania, aged 33 years, died at Scranton, Pennsylvania, July 26, 1900; cause unknown. Interment, Mountain View, June 19th.

POLICE COURT.

Miller, drunk, judgment suspended; Sarah Carey, Joseph Kendall, Moketa Koya, Ukichi Maunoki, violating bicycle ordinance, \$2 or 1 day; Charles Martin, Mary Jepson, Willard Hurley, same, judgment suspended; R. J. Robinson, same, trial this afternoon; John K. Merrill, neglecting to open a water faucet for several hours and the place was flooded, the water dripping through to the floor beneath, greatly to the damage of Smith Brothers' goods.

PATHETIC CASE OF CENTERVILLE YOUNG LADY.

Dr. Griswold Accused of the Murder of Miss Sandholdt.

WM. HIRSCH OF IRVINGTON
IS ALSO IN THE CASE.

Dr. W. H. Griswold, whose office is in St. Ann's building, San Francisco, was arrested yesterday and charged with murder. The arrest was made after the verdict was returned by the Coroner's jury in the case of Carrie Sandholdt, the Centerville girl who died last Saturday in the Golden West Hotel. The verdict of the jury was "that death was due to blood poisoning following an abortion performed by Dr. W. H. Griswold, and we, the jury, hold said Griswold for the crime of murder." Coroner Leland approved the verdict and Detective Coleman took charge of the prisoner.

Griswold took the witness stand in his own behalf and testified that he did not commit the abortion. He said that Miss Sandholdt came to him suffering from the effects of the operation. She said she had gone to Dr. C. O'Donnell and other specialists of that class. His testimony was contradicted in several instances by Miss Eugenia Herbert, the trained nurse who with Helen Huntington took charge of Miss Sandholdt a few days before her death. Miss Herbert, however, said that Miss Sandholdt told her she had been to see other doctors.

The most damaging testimony against Dr. Griswold was given by Mrs. Hagerty, a sister of the deceased, who lives in Berkeley. Mrs. Hagerty testified that her sister went to her at Berkeley from her home in Centerville several days ago and asked the witness to come to this city with her as she wanted to see a doctor. She did not say what her sickness was, but the witness knew that Carrie was not feeling well. She said that when they reached Griswold's office he seemed to know Carrie. The latter called several times on Griswold and last Wednesday she became so sick that they went to the nearest hotel, the Golden West, on Ellis street, where she remained until her death, last Saturday. The sick girl registered under the name of Brown, but before she died she gave her true name.

Mrs. Hagerty testified that last Wednesday, when her sister became very ill, she told the witness all about her condition. She said that William Hirsch, a young man who lives in Irvington, Alameda county, was responsible for her condition. She said that Dr. Griswold had treated her, but the latter's treatment did her no good, and when she complained he said that she was not in the condition he thought she was. Then Hirsch and Miss Sandholdt went to Professor Jordan's museum on Market street, where a doctor told her just what her condition was. He recommended Dr. Griswold, and she went there. She said that Griswold performed the operation. While at the Golden West Hotel Griswold would permit no one to see her unless by a pass furnished by him.

WATER MANDAMUS CASE TO BE DISMISSED.

The mandamus suit of the Contra Costa Water Company to compel City Auditor A. H. Breed to audit the bills for water supplied to the city during the last year, was not taken up today as it was apparent that the complaint had been filed too soon. The matter was continued to next Monday, at which time the present complaint will probably be dismissed. A new complaint will be filed later.

The city charter provided that after the Auditor has rejected a bill, the same may be presented to him again, after it has been repassed by the Board of Public Works and signed by the Mayor. The bill is then to be treated the same as if it were being presented for the first time.

Auditor Breed has rejected the bills of the Water Company amounting to about \$28,000, but they have not yet been repassed by the Board of Public Works, or signed by the Mayor. After consulting with the Auditor's attorney, Guy C. Earl, Emil Nusbaumer, representing the Water Company, decided to ask for a continuance. He stated to the court that the present complaint would probably be dismissed, as it appeared that the action was premature.

SMITH BROTHERS BRING A SUIT FOR DAMAGES.

Smith Brothers, the stationers, have begun a suit against A. W. Merrill, for \$209 damages alleged to have been sustained through the defendant's negligence.

When the old Bacon building at Twelfth and Washington streets was remodelled, Smith Brothers took the lower floor and the upper story was let to the Nile Club and a portion to A. W. Merrill, who opened a physical culture gymnasium, with baths attached. On April 15th, it is alleged in the complaint filed today with Justice of the Peace Quinn, Merrill negligently left open a water faucet for several hours and the place was flooded, the water dripping through to the floor beneath, greatly to the damage of Smith Brothers' goods.

GUARDIANSHIP OF AN INCOMPETENT ASKED.

Fred W. Browning has applied for letters of guardianship over Hugh Nugent, an incompetent person. Nugent is 70 years of age. His estate is valued at about \$10,000. His only relative is his wife, Almeda Nugent, who requests the appointment of the petitioner.

POLL TAX MUST NOW BE PAID.

Bootblacks Have a Hard Time
Trying to Beat the
Game.

F. G. Thompson, a poll tax collector, caused considerable excitement among the Italian bootblacks of the city today by threatening to seize their stands for poll tax. Thompson has been after the bootblacks for a week, but they have been pleading poverty to avoid paying the \$2 required by the law. Today Thompson was in a place several degrees hotter than Oakland before he'd give him a cent. Then he cooled off a little and seeing that Thompson was obdurate, slowly drew \$2 from his pocket. At the stand diagonally across the street the two bootblacks gave in quicker, but with no better grace.

"Only poor man pay," said the bootblack, while Thompson was raking out his receipt. The collector had similar scenes at most of the stands, but when the bootblacks found that he was in earnest they reluctantly produced the money. The collector had no time to collect from everyone, irrespective of person, and the capitalists and professional men will find the same annoyance that has disturbed the bootblacks. The city and county officials have, with a few exceptions, failed to pay their poll tax and their salaries will be withheld if they do not secure receipts before the first day of next month. The garnishing of officials' salaries for poll tax is not a new proceeding in the city of Greater Oakland.

**BIRTHDAY CELEBRATED
AT MT. EDEN HOME.**
MT. EDEN, June 20.—Friends and neighbors to the number of twenty gathered at the home of Mr. Herman Dickman last Tuesday afternoon to celebrate the fifty-second anniversary of Mrs. Dickman's birthday. The guests amused themselves as only the Mt. Eden people know how until a late hour, when supper was served by the hostess. A pleasant hour was spent around the festal board, after which all returned to their homes, wishing Mrs. Dickman many happy returns of the day.

DEATH SUMMONS WOMAN WELL KNOWN HERE.

The many friends of Mrs. Martha A. Wiley in this city will be pained to learn of the death of that estimable woman at the home of her son, W. D. Wiley, in Fresno, last Sunday. Mrs. Wiley had been in poor health for several months and her last illness was accompanied by intense suffering. The cause of death was old age.

Mrs. Wiley was born in Maine, 73 years ago. She came to California with her husband in the early '50's and settled in Georgetown, El Dorado county, where she made her home until a few years ago, when she went to Fresno to live with her son. She had many friends in Oakland, where she frequently visited. She was a widow, but leaves two children, W. D. Wiley and Mrs. Ada M. Banta.

RAPID TRANSIT BILLS SIGNED BY GOVERNOR.

HARRISBURG, Pa., June 20.—Governor Stone this morning signed the two supplemental rapid transit bills which passed the House yesterday afternoon. One of them constitutes the Governor, Secretary of State and Attorney General a board to make future applications for rapid transit, and the other removes ambiguity from the original bill by providing that under one charter either an elevated or an underground road, or both, or one partly elevated and partly underground, may be constructed.

Divorce Default.

A default has been entered against the defendant in the divorce suit of May If. Doyle against Edward J. Doyle.

THEY DO IT.

People Quit Coffee and Get Well on Postum Food Coffee.

A man in Milford, Ind., says he did not quit drinking coffee because he thought it hurt him, but because he found a morning beverage he liked better in Postum Food Coffee, but to his wonder and surprise, he found in a few weeks all of the old symptoms of sickness had left him.

He had been greatly troubled with his stomach and heart, also with what is called "water brash," and dull headaches "which made me very irritable and quick tempered."

All of these symptoms disappeared and he discovered, in spite of all his previous theories, that coffee was really the cause of his troubles, and the leaving off of coffee and taking on Postum Food Coffee brought about a perfect cure.

DYING WORDS OF BRAVE JIM STANLEY.

Railroad Hero Knew That He
Would Be Killed in
a Wreck.

FUNERAL SERVICES
WERE HELD TODAY.

The funeral of the late James Stanley, the engineer, who died at the Southern Pacific Hospital in San Francisco as the result of fatal injuries sustained in a wreck on the narrow gauge in the Santa Cruz mountains, was held this morning at the Church of the Immaculate Conception, at Seventh and Jefferson streets, where a solemn requiem high mass was celebrated for the repose of his soul.

The Rev. Father King, pastor of the church, was the celebrant, assisted by Dr. Morrison, who was master of ceremonies, and the Rev. Father Nolan.

The church was thronged with friends and acquaintances of the deceased, who had previously visited at the family residence, corner of Seventh and Oak streets, where they paid their last respects to the departed.

The floral offerings were numerous as well as beautiful. Among the most notable was a floral piece fashioned after the patent automatic oil cup, invented by the deceased, and which was cleverly worked in plan and execution by the Rev. Father King, who was master of ceremonies. This was the tribute from deceased's sons. A broken wheel, six feet in height, and a huge pillow were sent by employees of the narrow gauge. There were also other broken wheels, pillows, sprays, wreaths, etc.

The interment was in St. Mary's Cemetery, and the funeral was very largely attended.

EDWARDS' HORSE WON THE GOLD CUP.

LONDON, June 20.—The race for the Royal Memorial stakes, £10 each, with £1,000 added, at Ascot today, resulted in a dead heat between Sonator and Lord Bobs. The stakes were divided. Cynical finished third. Six horses ran. Edwards' Santol won the gold cup.

W. L. DOUGLAS SHOE.

This noted shoe is handled exclusively by M. Schneider of 953 Washington street; he is sole agent in Oakland for this celebrated footwear. The Douglas shoe is world famed and sells at \$2, \$2.50 and \$3 per pair, and are union made. In addition to this line, Mr. Schneider carries an extensive and select invoice of fine shoes for men, women and children, and his prices are always right and his goods as represented; that's why it enjoys the distinction of being the "Reliable" shoe house of Oakland, and his business is steadily increasing as it justly deserves.

NOTHING DONE AT THE RAILROAD MEETING.

LARGE FIRE IN ST. LOUIS.

Property Valued in the Neighborhood of \$200,000 Is Destroyed.

ST. LOUIS, June 20.—Fire which originated in the establishment of the J. B. Sickles Saddlery Company, at the southwest corner of Twenty-first street and Washington avenue, early this morning, consumed property and stock valued at nearly \$200,000. The loss is partially covered by insurance. The losing firms are J. B. Sickles Saddlery Company, the T. F. Reynolds Carriage Company, the Lambert Pharmacy Company, and several other concerns of minor importance.

The fire was discovered a few moments after 2 o'clock, when an explosion which could be heard for some distance occurred in the front portion of the building occupied by the Sickles Company. A second later the plate glass windows in front of the store crashed out into the street, followed by a rush of flames, and in an instant the building was afire from top to bottom.

A general alarm was turned in, but the interior of the immense building was soon burned out. The loss of the Sickles Company will reach probably \$50,000 on their stock, consisting of harness, saddles and whips. The building of the Sickles Company was a four-story brick structure, owned by Sheehan Bros., contractors. It was erected only a short time ago at a cost of \$110,000. Except the front and one side wall nothing is left of it.

In the rear of the Sickles building is that occupied by the Lambert Pharmacy Company. It was several times threatened with destruction, but was saved with a loss of \$3,000, which is fully covered by insurance.

TARIFF MATTERS ARE DISCUSSED BY ITALIANS.

WASHINGTON, June 20.—The Russian Ambassador, Count Cassini, had a conference of about half an hour with Secretary Hay today, during which the tariff questions which have arisen were discussed fully. The conference did not, however, lead to any new development in the matter. It is understood, however, that the exchange brought about includes assurances from the Ambassador that Russia's action was entirely devoid of political importance and was in no way connected with a move antagonistic to American products.

The Italian charge d'affaires, Mr. Carignani, also had a talk with Secretary Hay, during which tariff matters were informally discussed. In connection with the differential duty now levied on Italian sugar, the Italian authorities state that their official returns as to imports show that no Italian sugar was brought into the United States last year.

AMERICAN OARSMEN MAKE A SHOWING.

HENLEY, England, June 20.—The oarsmen from the University of Pennsylvania were up early this morning. They are all delighted with their quarters. Coach Ellis Ward walked the crew to the railroad station, where the boats were taken off the trucks and carried to the boathouse. A small crowd of inhabitants and several British oarsmen watched the visitors' racing boat, which was much admired, as was also the clean-cut, athletic appearance of the crew. The river appeared a little narrow to the Americans.

The Americans took a spin to the starting point this afternoon and back to their quarters. The crew created a favorable impression.

FIRST GOLD SHIPMENT FROM THE KLONDIKE.

SEATTLE, Wash., June 20.—The first gold shipments of the season are now on the way from the Klondike. Surveys aggregating \$1,500,000 were started from Dawson on June 14 on the river steamers Canadian and Zealandia, according to advices received in Skagway. Both consignments will probably arrive in Seattle next week.

DIVERT GREAT RIVER INTO A DRY VALLEY.

WASHINGTON, June 20.—Acting under the general direction of Chief Hydrographer George Newell, surveying parties have just begun work in the Gunnison river valley in western Colorado, near Montrose, which looks to diverting the river by means of a great tunnel through a mountain range into a dry and fertile valley. Another party has begun the preliminary work of diverting Mr. Mary's river into the Milk river valley in Montana.

DAMAGES FOR \$10,000 ALLOWED BY JURY.

EVERETT, Wash., June 20.—A jury in the Superior Court today gave a verdict of \$10,000 against the Everett and Monte Cristo Street Railway Company in a personal damage suit instituted by A. T. Edwards. This was the full amount of the claim and the defendant has asked for a new trial.

FERRYBOAT VICTIM IS FOUND IN RIVER.

NEW YORK, June 20.—The body of Charles G. Bartlett, one of the victims of the sinking of the ferryboat Northfield last week, was found today in the East river.

CHANGES IN THE S. P. MANAGEMENT

E. H. Fitzhugh for General Manager and J. M. Herbert for General Superintendent.

SALT LAKE, June 19.—Southern Pacific circles will be shaken this week when an official announcement is made designating E. H. Fitzhugh as general manager and J. M. Herbert as general superintendent. This order will work a complete change in the operating department of the system. At present the fourth vice-president, Julius Kruttschnitt, is in charge of the operating department of the whole system. There are assistant managers and division superintendents, but there is no general superintendent on the system. Mr. Fitzhugh has been on the Coast for some time. He was formerly vice-president and general manager of the Central Vermont Railway. J. M. Herbert is a Gould man. He comes from St. Louis, where he was general superintendent of the Iron Mountain system, one of the big Missouri Pacific lines, and is rated as an expert in railway operations.

DAUGHTER TELLS
HER STORY.Explains How Dr. Jessup Met
Death Trying to Pro-
tect Her.

BERKELEY, June 20.—Charles G. Adams, the ex-priest, who shot and killed Dr. J. C. Jessup at Berkeley, was arraigned before Justice of the Peace Edgar in that town yesterday. He was represented by H. V. Morehouse and H. C. Barnum. Justice Edgar set the preliminary examination for Wednesday morning, June 27, at 10 o'clock.

Miss Adams, daughter of the murderer, tells the following story:

"I left home Sunday afternoon last, and went to the house of Mrs. Steubenrauch, near by. Father had been more violent than usual, and I was afraid to remain at home. I did not leave Mrs. Steubenrauch's house that night or the following day.

"It was shortly after 7 o'clock, I think, on Monday evening, that the telephone bell rang. Mrs. Steubenrauch answered. I was near her at the time. It was father talking, and he asked for me. Mrs. Steubenrauch told him that I was not there, but he did not believe her. He said that he only wanted me to come home and cook him something to eat, as he had had nothing for two days.

"I was about to go alone, when father told Mrs. Steubenrauch to come with me. He said he was not entirely dressed, but that he wanted to see her anyhow. He claimed he wanted to tell her something important.

"This made me more afraid. I knew that I would have to come home or father would come to Mrs. Steubenrauch's house.

"I then thought of Dr. Jessup, and telephoned to him to come up and try to quiet father.

"The doctor did not delay a minute. He came up the street on the run. I left Mrs. Steubenrauch's house. We met at the front gate. I gave Dr. Jessup the key to the front door, which was locked. He opened it and I followed him into the house. We started up the stairs for father's room. We had gone about half way when father heard us. He cried out:

"Who is that coming up here?"

"It is Jessup, replied the doctor. You must stop this sort of thing and let this girl alone."

"Don't come any further," called out father, or I'll shoot you. You cannot interfere with my affairs."

"Dr. Jessup went right on, but wanted me to stay down stairs. Father called repeatedly to him to stop. I became frightened, for I knew something awful would happen. I tried to persuade Dr. Jessup not to go any further, but he shoved me back.

"When we got up stairs, the doctor took off his coat, and hanging it on a post advanced toward father's room. Again father called out:

"Don't come a step closer, or I'll shoot. I can attend to my own business."

"Dr. Jessup threw open the door of the bedroom. Father, partially dressed, was lying across the bed. The doctor threw off his arms, and said:

"Now, shoot if you want to. I am not afraid of you or anyone else—but I tell you that you must quit abusing your daughter. You ought to be ashamed of yourself."

"Father reached around and took a pistol from under a pillow. He leveled it and, without another word, fired.

"Dr. Jessup staggered. He murmured: He then recovered himself and grappled with father. Doctor was the stronger, and soon got the pistol. With it he beat father over the head and face.

"Dr. Jessup then staggered back toward the door. I caught him and helped him down the stairs. When near the bottom, he turned, and asked me to take him out into the fresh air. I got him outside on the porch.

"By this time the neighbors were collecting. I was hurried off to the house of Mrs. White, next door.

"This is all I know about the shooting. Father was crazy or he would not have done such a awful thing. Dr. Jessup was very brave."

WOMEN BATTLE
WITH A MAN.Lively Scene on the Principal
Street in the Encinal
City.

ALAMEDA, June 20.—Last evening members of the Arada family again "mixed up" in a lively manner on Park street.

It seems that Bob Arada was in Herman's Restaurant in company with some friends, when his wife and her sister Ida Cook came in. An argument arose between Arada and his wife, which wound up with a resounding slap, delivered by Arada. At this point Mrs. Arada dropped out of the argument, which was taken up by her sister.

To teach her not to interfere Arada struck the woman in the face with his fist. By this time they were on the sidewalk and surrounded by a large crowd.

The Cook woman returned the blow and a lively tussle followed.

Later the sister-in-law had Arada arrested for battery.

This morning the case was brought before Justice Morris.

The woman failing to appear against Arada he was fined \$5 and allowed to go.

DAUGHTER TELLS
HER STORY.Explains How Dr. Jessup Met
Death Trying to Pro-
tect Her.

BERKELEY, June 20.—Charles G. Adams, the ex-priest, who shot and killed Dr. J. G. Jessup at Berkeley, was arraigned before Justice of the Peace Edgar in that town yesterday. He was represented by H. V. Marsh and H. J. Barrows. Justice Edgar set the preliminary examination for Wednesday morning, June 26, at 10 o'clock.

Miss Adams, daughter of the murderer, tells the following story:

"I left home Sunday afternoon last, and went to the house of Mrs. Steubenrauch, near by. Father had been more violent than usual, and I was afraid to remain at home. I did not leave Mrs. Steubenrauch's house that night or the following day.

"It was shortly after 7 o'clock. I think on Monday evening that the telephone bell rang. Mrs. Steubenrauch answered. I was near her at the time. It was father talking, and he asked for me. Mrs. Steubenrauch told him that I was not there, but he did not believe her. He said that he only wanted me to come home and cook him something to eat, as he had had nothing for two days.

"I was about to go alone, when father told Mrs. Steubenrauch to come with me. He said he was not entirely dressed, but that he wanted to see her anyhow. He claimed he wanted to tell her something important.

"This made me more afraid. I knew that I would have to come home or father would come to Mrs. Steubenrauch's house.

"I then thought of Dr. Jessup, and telephoned to him to come up and try to quiet father.

"The doctor did not delay a minute. He came up the street on the run. I let Mrs. Steubenrauch's house. We met at the front gate. I gave Dr. Jessup the key to the front door, which was locked. He opened it and I followed him into the house. We started up the stairs for father's room. We had gone about half way when father heard us. He cried out:

"Who is that coming up here?"

"It is Jessup," replied the doctor. "You must stop this sort of thing and let this girl alone."

"Don't come any further," called out father, "or I'll shoot you. You cannot interfere with my affairs."

"Dr. Jessup went right on, but wanted me to stay down stairs. Father called repeatedly to him to stop. I became frightened, for I knew something awful would happen. I tried to persuade Dr. Jessup not to go any further, but he shoved me back.

"When we got up stairs, the doctor took out his coat, and hanging it on a post advanced toward father's room. Again father called out:

"Don't come a step closer, or I'll shoot. I can attend to my own business."

"Dr. Jessup threw open the door of the bedroom. Father, partially dressed, was lying across the bed. The doctor threw out his arm and said:

"Now, shoot if you want to. I am not afraid of you or anyone else—But I tell you that you must quit abusing your daughter. You ought to be ashamed of yourself."

"Father reached around and took a pistol from under a pillow. He leveled it at, and without another word, fired.

"Dr. Jessup staggered. He murmured: 'He may shoot you.'"

"He then recovered himself and grappled with father. Doctor was the stronger, and soon got the pistol. With it he beat father over the head and face.

"Dr. Jessup then staggered back toward the door. I caught him and helped him down the stairs. When near the bottom he collapsed, and asked me to take him out into the fresh air. I got him outside on the porch.

"By this time the neighbors were collecting. I was hurried off to the house of Mrs. White, next door.
